

**Legal Notice**  
**Notice of Public Information Meeting**  
**Community Development Block Grant Funding Opportunities**

**Village of Candor, New York**  
**Water System Planning Study**

The Candor Village Board will hold a public hearing on June 3, 2014 at 6:30 pm at the Village offices, 138 Main Street, Candor, NY to present current information about potential funding opportunities for completion of an engineering study to determine the scope and cost of improvements needed for the water system.

The Village is considering submitting an application for funding for a planning grant to complete an engineering study through the NYS Office of Community Renewal's (OCR) Community Development Block Grant Program. The OCR announced the availability of approximately \$25 million for the PY2014 through the Consolidated Funding application (CFA). Funds from these programs may be used towards Public Facilities, Public Infrastructure, Microenterprise, Small Business Development, and Planning projects, and through a housing application round which may be made available at a later date by OCR. The application for the planning grant must be submitted through the CFA and is due June 16, 2014. A maximum of \$50,000 could be requested from this program for a potential engineering report to determine the scope and cost of improvements needed for the water system. Participation and comment by residents and property owners in the Village of Candor is important to the proper consideration and advancement of an application for this program. The Village Board strongly encourages you to attend.

Suitable accommodations will be made to assure full participation by persons with disabilities. Written comments may be made to Mayor, Eric Halstead, 138 Main Street, Candor, NY, 13743.

Betsy Lipka  
Clerk

Dated May 27, 2014
